We are currently recruiting for the position of

> [Senior Full Stack Web Developer \(m/f\)](#)

As part of an international team you will work for one of the world's largest automobile manufactures as well as one of the world's largest premium credit card companies, where you can leverage your organizational and communication skills.

Your profile:

- Bachelor degree in Web development or related field;
- In-depth knowledge and experience in Java, Python, PHP, HTML, CSS, JavaScript, conceptually and practically;
- Proficient in database technologies like MySQL, Oracle, PostgreSQL, and MongoDB, experience with working in agile software development environment and CMS frameworks;
- Ability to troubleshoot and debug browsers;
- Understanding of web development process, from A to Z;
- Familiarity with layout requirements and understanding of SEO standards;
- Quality assurance skills and dedicated team player.

Your key tasks:

- Contribute to the entire app/web page lifecycle and develop functional and fast-responsive web applications;
- Evaluate code to ensure it meets industry standards, is valid, is properly structured, and is compatible with browsers, devices and operating systems
- Technical maintenance of websites, troubleshoot and fix bugs and elaborate mobile-based and web-based features;
- Improve apps/web pages for maximum speed;
- Troubleshoot UI and improve its performance accordingly;
- Employ the latest technology in order to re-built legacy apps/web pages;
- Detect and fulfill front-end and back-end requirements;
- Write comprehensive manuals, guides and documents;
- Compile prototype and quality mockups;

Please send your CV and covering letter, accompanied by your salary expectations and possible start date to journal-international-experience-gmbh-jobs@m.personio.de.
