JI EXPERIENCE GmbH partners with leading premium brands worldwide to deliver a range of tailored solutions. Our services encompass high-level content marketing solutions with magazines, websites, apps, social media channels and more as well as bespoke customer benefit strategies with a combination of events, offers and privileges created and managed exclusively for our clients.

We are currently recruiting for the position of

> Junior Full Stack Developer (m/f)

to join a dynamic team at our headquarters in Munich, Germany. As part of an expanding global team this role lies at the heart of our international media operation. You will support the it team and be the main point of contact for the international sales representatives.

**Your Key Tasks:**
- Keep existing solutions up-to-date
- Design and implement backend data models and query these efficiently
- Design and implement end-to-end Frontend web applications and maintain existing ones
- Design, build and maintain our WordPress-based websites from prototyping to final delivery
- Write code with good test coverage and documentation
- Optimize applications for maximum speed and scalability
- Monitor overall site health and uptime based on key metric tracking/reporting best practices

**Your Profile:**
- Completed degree in Computer Science or a comparable degree program
- Ability to write efficient, well-tested code with a keen eye on scalability and maintainability
- Experience in PHP, Python or Java
- Knowledge of Frontend JavaScript/HTML/CSS, enough to write, understand and traverse code
- Solid knowledge of relational databases and SQL
- Good knowledge of Linux/UNIX systems is an advantage
- You are a team player and strong communicator with a hands-on-mentality
- Good knowledge of English (spoken and written), and basic knowledge of German (or willing to learn it)

**What we offer:**
- A welcoming, friendly and inclusive team atmosphere
- Stimulating and varied workdays
- Autonomy and responsibility
- Flat Management structure
- 28 days annual leave
- possibility of trainings
- dynamic media environment with exciting projects
- flat hierarchy and an international team
- diverse range of tasks, much personal responsibility and the possibility to grow.

Please send your CV and covering letter, accompanied by your salary expectations and possible start date to.
